

 SpeakerCraft®

AIM7 MT Series

The way sound is produced in the home is affected by a number of variables. The overall design of the loudspeaker is critical as is the quality of the various components used. However, all of this becomes secondary if the speaker cannot be placed in the right position. SpeakerCraft's patented AIM technology addressed this challenge with the first flush-mounted ceiling speaker that actually pivoted to focus the sound at the listener.

Now that same technology has been adapted to enhance speakers that mount in the wall as well. The AIM7 MT speakers pivot either horizontally or vertically depending on the installation. Once again, the loudspeaker can be aimed at the listener. Whether in a home theater or in a basic stereo installation, this ability makes a dramatic difference in the quality of your musical or theatrical experience.

You will be amazed at the sound quality these speakers provide. Regardless of your musical tastes, you will experience all of the dynamics and subtleties the artist intended. Prepare yourself to be immersed in music and movies like never before.

AIM7 MT Four

- 7" Aluminum/Magnesium Cone Woofer with Dual Voice Coil and Rubber Surround
- Pivoting 1" Aluminum/Magnesium Dome Tweeter
- Front Mounted Switches Allow for up to ± 3 dB of Bass and Treble Equalization
- Timbre-Matched to All Four Series
- Efficiency: 92dB 1W/1m
- Frequency Response: 37Hz - 20kHz ± 3 dB

AIM7 MT Three

- 7" Aluminum Cone Woofer with Dual Voice Coil and Rubber Surround
- Pivoting 1" Aluminum Dome Tweeter
- Front Mounted Switches Allow for up to ± 3 dB of Bass and Treble Adjustment
- Timbre-Matched to All Three Series
- Efficiency: 91dB 1W/1m
- Frequency Response: 40Hz - 20kHz ± 3 dB

AIM7 MT Two

- 7" Glass Composite Cone Woofer with Rubber Surround
- Pivoting 1" Silk Dome Tweeter
- Front Mounted Switch Allows for up to ± 3 dB of Treble Adjustment
- Timbre-Matched to All Two Series
- Efficiency: 90dB 1W/1m
- Frequency Response: 40Hz - 20kHz ± 3 dB

AIM7 MT One

- 7" Polypropylene Cone Woofer with Rubber Surround
- Pivoting 1" Silk Dome Tweeter
- Timbre-Matched to All One Series
- Efficiency: 92dB 1W/1m
- Frequency Response: 40Hz - 20kHz ± 3 dB

* All AIM Speakers come with Limited LIFETIME Warranty

* As we incorporate design improvements, specifications may change without notice
