

 SpeakerCraft®

AIM8 DT Series

Our dual-tweeter speakers have become a popular option for secondary rooms where a pair of speakers may be considered over-kill. These single speakers produce both left and right channels and can complete a multi-room system throughout the home.

The AIM8 DT is the largest of the DT series. Its 8" dual voice-coil woofer creates deep, satisfying bass while the dual tweeters produce the crystal clear high frequencies necessary to create the subtle detail of a musical performance. Perfect for guest bedrooms, walk-in closets, laundry rooms or the garage, the AIM8 DT will fill your home and your life with the music you love.

AIM8 DT Three

- (2) 1" Pivoting Aluminum Dome Tweeters
- 8" Pivoting Aluminum Cone Woofer
- Efficiency: 91 dB 1W/1m
- Frequency Response: 45Hz - 20 kHz
- Patent Pending

AIM8 DT One

- (2) 1" Pivoting Silk Dome Tweeters
- 8" Pivoting Polypropylene Cone Woofer
- Efficiency: 91 dB 1W/1m
- Frequency Response: 48Hz - 20 kHz
- Patent Pending

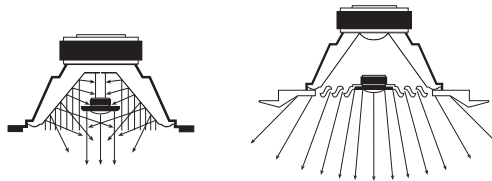

DT8 Zero

- (2) 1" Silk Dome Tweeters
- 8" Polypropylene Cone Woofer
- Efficiency: 91 dB 1W/1m
- Frequency Response: 45Hz - 20 kHz
- Patent Pending

Our speakers sound much better off-axis!

Only SpeakerCraft offers the exclusive WavePlane™ tweeter baffle which is located just behind the tweeter of all AIM in-ceiling speakers. The WavePlane™ creates better high frequency dispersion. This is accomplished by allowing the tweeter to reflect off a solid surface instead of the vibrating woofer. Ordinary speakers only sound their best when you are directly underneath them. This is because high frequencies are directional. The WavePlane™ assures optimal high frequency dispersion throughout the listening area.

* All AIM Speakers come with Limited LIFETIME Warranty

* As we incorporate design improvements, specifications may change without notice
